

To be SOLD or LET,

**T**HE New Blazing-Star Ferry on Staten-

Island: There is a very good House on it, with nine Rooms in it, and Six Fire places, with a good Kitchen:—The Ferry is much the best on the Island, as the Distance is much shorter to Philadelphia, or any Part of the Jerseys southward of Elizabeth-Town, than any other Way that can be travelled; which creates much Custom; and it being half-way between Powles-Hook and New-Brunswick, makes it a proper Stage for Travellers to bait their Horses or refresh themselves, and is the House where the Stage Waggon always stops to Breakfast at going Westward, and to dine, at coming Eastward:—Upwards of 20 Loads of good English Hay may be cut on the Premises, and a great Quantity of Salt Hay; with plenty of Pasture, and good Land for Tillage: It is also the shortest and best Road from and to Leng-Island to the Jerseys, which is a considerable advantage. Any Person inclining to hire or purchase, are desired to apply speedily, as the Time of Gardening is at Hand:—There is also another small pleasant Place to sell, that will suit a Gentleman or Tradesman.
