

Mr. CARLTON,

HAVING had my Salt-Marsh overflowed and rendered useless by the "*Experiments*" of Mr. NATHAN READ, lately proposed as a suitable person to send on to Congress, and a number of my neighbours being in the same predicament, we are determined not to give him our votes; as we consider a man who is an enemy to Salt-Hay, can be no friend to Farmers, or their concerns. As I have not the same complaint to make of Col. WILLIAM R. LEE, of Marblehead, he shall have my vote and influence.

A FARMER.
